February 2, 2012

Hello all:

The Galaxy of Lights during the Holiday Season is a beautiful sight for all to behold! It is also inspiring to see the numerous names of families and businesses in our community whose heartfelt contributions make these memories possible. The commitment shown during that season embodies what our community and state is capable of as a team.

We believe that charity is not for a season, but for a lifetime! We, at Black Pearl Select, ask for your help with our endeavor to light up the eyes of children and their parents in this city. The 8th Annual Comedy Luau is upon us once again, and, as always, we are reaching out to Huntsville and surrounding cities for sponsorship.

We kindly ask that you would choose an individual ride that your family, business, church, or other associations would like to sponsor. The name of your organization, or family, will appear in pictures beside the ride that you sponsor. The option to remain anonymous is also available, if so choose. Your partnership will not only reward the many children, but you will also have the personal benefit of seeing the children run from ride to ride with their family in tow.

Your partnership will provide fun and healthy entertainment to an area where there is usually so little for the community to engage in as a family. The Comedy Luau is a short and sweet event that is sure to provide more everlasting memories. We encourage you to be a part of this city-wide event.

Let's not let the light die with the Holiday Season; take advantage of this chance to spark the eternal light of your spirit a little brighter than it already is!

For more info, pictures, and a documentary of last year's event, please go to www.blackpearlselect.com or "Black Pearl Select" on www.youtube.com.

Thank you, and again, this is only possible with your help!

Sincerely,

Black Pearl Select Salon
